EACH WANDER MIRROR INVITES YOU TO PICTURE YOURSELF SURROUNDED BY ITS STYLISH GEOMETRY.

The ribbed effect of the wool felt strips turned on edge creates a deep texture that frames the contours of the mirror glass inserts. Most often designed in a single color, you can hang one frame to make a statement or curate a collection in various colors and shapes to create a rich assemblage.

FELT

Wool felt is one of the oldest man-made textiles. A biodegradable and renewable material, wool felt is moisture resistant, self-extinguishing, and known for its thermal and acoustic insulation properties. We employ Filzfelt products which are German-milled, 100% wool manufactured. This Merino wool is sourced primarily from Australia, New Zealand, and South Africa. Slight variation in color is a result of the manufacturing with a natural material.
