WOOD

The wood used in Submaterial objects such as the Spindle Coaster Set and Murmur Trees is solid stock hardwood. Currently, we offer white oak and walnut. These hardwoods are grown domestically and whenever possible we source wood from the Southwest. We take the use of ethically and sustainably sourced materials seriously. We make every effort to acquire wood from responsibly managed forests that provide environmental, social, and economic benefits.

CORK AS SUBSTRATE MATERIAL

Used since antiquity for innumerable functions, cork is a completely natural raw material with unique properties which give it an unrivaled character. It is light, impermeable to liquids and gases, elastic and compressible, provides thermal and acoustic insulation, and is fire retardant. Furthermore, it is completely biodegradable, renewable, and recyclable. We source our cork from Corticeira Amorim, the world's largest cork processing group which has innovated and perfected the processing of this material over the last 150 years.

SPECIFICATIONS

DESIGNER	Submaterial
PRODUCT NAME	Wood Transit
PRODUCT NUMBER	WOOD-SUBM-0028-03
FAMILY NAME	Wood
PRODUCT CATEGORY	Wood Wall System
MATERIALS	Wood Veneer, Sustainably Sourced Cork
STANDARD DIMENSIONS	4", 6", 10", 12", 18", 24" x 96"-120" x ¾"
ITEM WEIGHT	Varies by panel size
COLOR OPTIONS	Submaterial Wood Swatch List, Amorim Cork Swatch List
COLOR SPECIFICATION	To custom order a product, choose respective color assignments per product specification.
INSTALLATION METHOD	Z-clips
PURPOSE	Commercial or Residential Use, Interior Use Only
MAINTENANCE	Light dusting with a gentle cloth, on hard surfaces, is recommended. Most hard surfaces can take a light application of a natural, neutral-based cleaner, wiped away with a soft cloth.
LEAD TIME	Be in touch with sales for accurate lead times. Lead times depend upon material sourcing and order size.
SUSTAINABILITY	No chemical irritants, and free of harmful substances contributes to ©LEED certifications. All cork used is sustainably and efficiently sourced from Portugal, 100% VOC free, with no chemical irritants, and free of harmful substances. Veneer is especially eco-friendly. When sourcing veneer, three times more wood can be produced from each log in comparison to hardwood. MDF is constructed primarily from wood fiber. Wood shavings and other portions of the wood that might normally be discarded are instead recycled into MDF.
CUSTOM	For custom inquiries affecting colorways, sizes and quantities in the set contact Sales@submaterial.com.
VARIATION	All products are handmade at our New Mexico studio. Natural variations within the color and material composition are evidence of the handmade and 100% natural origin of the materials. Product colors are only indicative, as it is not possible to assure consistency of color in a natural product due to the natural color of natural materials and absorption of dyes, finishes, and grain. Color matching cannot be guaranteed on shipments and variation will be more pronounced beyond the normal commercial range.
WARRANTY + RETURNS	No warranties are offered on any Submaterial products. Most of our products are made to order, therefore we offer returns or exchanges due to manufacture's defect only. Items must be returned in the original packaging and have no visible signs of wear or use. If you have a concern, please contact us within 3 business days of receipt of your products. Please retain the original packaging and wait for instructions from our sales team.
