## STRATUM

Mirror

**THE STRATUM MIRROR  
CELEBRATES THE SOLID  
AND VOID SPACES  
CREATED IN OUR  
NATURAL WORLD, IN  
PLANTS, ROCKS, AND  
FORESTS.**

The powder-coated louvers are anchored in three layers within a solid wood frame, with a mirror attached at the back. The bands of various widths create a deep dimensionality and an arresting fractured reflection that displays what is in front of the mirror and the rich tones and shadows created by the surface elements.

CUSTOMIZE YOUR PRODUCT

Diagrammed below are the materials used to create this Submaterial product. If you would like to make this product one-of-a-kind, select colors from the provided swatches on the following pages using the diagram to assist you in the material assignments. If you believe the customization you seek is outside of the standards listed below, please contact us. Color combinations and configurations to a product may be limited. For more information about limitations be in touch with us at sales@submaterial.com.

MODULE DIMENSIONS

EXAMPLE PANEL DIMENSIONS

Note: Panel dimensions must be ordered in multiples of module dimension. Mirror will be 2" larger due to final trim.

### POWDER COATED FINISHES

RAL colors are used to define standard colors across various powder coated surfaces. The most popular manufacturer of powder coats, RAL colors are used in architecture, construction, industry and road safety. Submaterial uses RAL colors for their consistency in color matching. Below is a curated collection of the numerous colors we offer to powder coat any product using a powder coated surface. Note we cannot guarantee matte or gloss finishes, color matching can be verified using the RAL Colour chart, available online.

## RAL COLOURS

### STANDARD COLORS (PRICE INCLUDED)

### WOOD

The wood used in Submaterial objects such as the Spindle Coaster Set and Murmur Trees is solid stock hardwood. Currently, we offer white oak and walnut. These hardwoods are grown domestically and whenever possible we source wood from the Southwest. We take the use of ethically and sustainably sourced materials seriously. We make every effort to acquire wood from responsibly managed forests that provide environmental, social, and economic benefits.

To clean face of mirror, lightly dust with a cloth made from gentle fibers. Use glass cleaner and a soft cloth to clean surface of mirror. Never spray cleaning solution directly on mirror, apply to cloth before cleaning surface of mirror.
LEAD TIME	Products on hand will ship out 2-3 business days and will use client's preferred method of shipping. If no preferred method of shipping is mentioned, ground shipping will be chosen. For custom orders, be in touch with sales for accurate lead times. Lead times depend upon material sourcing.
SUSTAINABILITY	Wood acquired from responsibly managed forests, when possible.
CUSTOM	For custom inquiries affecting colorways, sizes and quantities in the set contact Sales@submaterial.com.
VARIATION	All products are handmade at our New Mexico studio. Natural variations within the color and material composition are evidence of the handmade and 100% natural origin of the materials. Product colors are only indicative, as it is not possible to assure consistency of color in a natural product due to the natural color of natural materials and absorption of dyes, finishes, and grain. Color matching cannot be guaranteed on shipments and variation will be more pronounced beyond the normal commercial range.
WARRANTY + RETURNS	No warranties are offered on any Submaterial products. Most of our products are made to order, therefore we offer returns or exchanges due to manufacturer defect only. Items must be returned in the original packaging and have no visible signs of wear or use. If you have a concern, please contact us within 3 business days of receipt of your products. Please retain the original packaging and wait for instructions from our sales team.
